

STATEMENT OF PURPOSE

RS21738C1

This bill amends Idaho Code Section 65-502 to revise the definition of "Veteran." Currently, the definition of a veteran, as defined in Section 65-502 § 17, requires a person to have served on active duty in the armed forces during a war or in a combat zone. The current definition of "Veteran" under State Code alienates many who have served, but may not have served in what is considered a war or combat zone as defined by the federal government under U.S. Code. This revision strikes out the requirement to have served in a war or combat zone as defined by the federal government under U.S. Code.
